

FramingNano UK Workshop

Implementing a governance framework for nanotechnologies

Thursday 11 February 2010 (10h30 - 16h00)
 Royal College of Physicians, London

11 St Andrews Place, Regent's Park, London (Great Portland Street Underground)

Draft Programme

10h00 - 10h30	Registration and Coffee	
10h30 - 10h45	Introduction and aims for the day	Richard Moore, Institute of Nanotechnology FramingNano Project partner
10h45 - 11h15	The FramingNano Project - aims and objectives	Dr Elvio Mantovani, AIRI Nanotec-IT FramingNano Project Coordinator
11h15 - 11h45	The governance of nanotechnology - international perspectives	Dr Robert Falkner London School of Economics
11h45 - 12h15	Nanotechnology: key environmental, health and safety issues (EHS) in governance	Richard Moore, Institute of Nanotechnology
12h15 - 12h45	Nanotechnology: key ethical, legal and social issues (ELSI) in governance	Dr Donald Bruce, Edinethics FramingNano Advisory Board member
12h45 - 14h00	Lunch and networking	
14h00 - 14h45	The FramingNano Governance Platform - a presentation of its key principles	Dr Elvio Mantovani, AIRI Nanotec-IT FramingNano Project Coordinator
14h45 - 15h45	Discussion session: taking nanotechnology governance forward in the UK	Chaired by: Dr Neil Ebenezer (MHRA) Rapporteur: Mr Julian Oliver EurActiv
15h45	Summing up and conclusions	Richard Moore, Institute of Nanotechnology
16h00	Close of Workshop
